

# Teacher Training Opportunity **Nov. 6-7, 2010**

## ***WISE: Watershed and Invasive Species Education***

*Linking Science, Community, and Action through  
Invasive Species Education.*

- Learn about ***Invasive Species*** and ***invasion ecology!***
- Engage your students in the community and watershed with a **\$200 stewardship project stipend!**
- Receive two (2) **Continuing Education Graduate credits** from OSU!
- Acquire lessons and classroom ideas for **grades 4-12** that utilize invasive species examples to teach **science benchmarks!**
- Earn 24 **Professional Development Units!**

**Date: November 6th (9-5:30) and 7th (8-5:30), 2010**

**Location: Tribal Hall of Confederated Tribes,  
338 Wallace Ave., Coos Bay**

*This two-day workshop is designed to provide knowledge, tools, and resources for teachers to incorporate the exciting and relevant topic of invasive species into their classrooms and lead a student stewardship project in their local watershed*
